

Directors resignation

Fremont Petroleum Corporation Ltd (ASX: FPL) ('Fremont' 'the Company') announce that Mr Andy Lydyard, who joined the Company in 4 February 2020, has taken the decision to resign from the Board. He will be available on a consulting basis to assist Fremont with respect to the Colorado and Kentucky assets and other opportunities. The Board fully respects and understands Andy's decision and will continue to work with him on opportunities that present themselves.

The Board of Fremont Petroleum Corporation Ltd has approved the release of this document to the market.

ABOUT FREMONT PETROLEUM CORPORATION LTD

Fremont Petroleum Corporation Limited (ASX: FPL) is an Oil & Gas production and development company founded in 2006 and headquartered in Florence Colorado USA with its Australian office in Sydney, Australia. The company has operations in Colorado and Kentucky. The primary focus is the development of the second oldest oilfield in the US in Fremont County. The Florence Oil field which hosts FPL's 26,000-acre Pathfinder project was discovered in 1881. Standard Oil & Continental Oil (Conoco) were producers.

DISCLAIMER:

This announcement contains or may contain "forward looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21B of the Securities Exchange Act of 1934. Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, goals, assumptions or future events or performance are not statements of historical fact and may be "forward looking statements." Forward looking statements are based on expectations, estimates and projections at the time the statements are made that involve a number of risks and uncertainties which could cause actual results or events to differ materially from those presently anticipated. Forward looking statements in this action may be identified through the use of words such as "expects", "will", "anticipates," "estimates," "believes," or statements indicating certain actions "may," "could," or "might" occur. Oil production rates fluctuate over time due to reservoir pressures, depletion or down time for maintenance. The Company does not represent that quoted production rates will continue indefinitely.
